Revolutionizing Education in America

Doris Leclerc Ball, PhD 2011-08-23
The TOTIL method of education will help your child learn twice as much from kindergarten through high school. It's easy to understand and even easier to implement. TOT stands for "time on task," and IL stands for "independent learning." By focusing on these two key areas, your child can be home-schooled to become better at math, English, and advanced subjects. He or she will be able to write, research, and think better when it's time to enter college. Dr. Doris Leclerc Ball, a retired teacher and psychologist, spent more than forty years perfecting the TOTIL method. In this guidebook, you'll discover • the critical importance of learner-centered education; • the

obsolete nature of most teachers and how to replace them; • the simple curriculum and materials your child needs to succeed; • many other insights on how to help your child learn. Your child can master the knowledge and skills necessary to compete at the highest levels for grades, jobs, and more. It begins with a roadmap for Revolutionizing Education in America.

German Quickly April Wilson 2004

German Quickly: A Grammar for Reading German is a thorough, straightforward textbook with a sense of fun. It teaches the fundamentals for reading German literary and scholarly texts of all levels of difficulty. It can be used as an introductory text for scholars with no background in German, or it can serve as a reference text for students wishing to review German. The grammar explanations are detailed and clear, addressing common problems students encounter while learning to read German. This book includes thought-provoking and entertaining reading selections consisting mainly of aphorisms and proverbs. There are also twelve appendices, including a summary of German grammar, descriptions of German dictionaries, a partial answer key, strategies for learning German, and a humanities vocabulary section of about 3,800 words.
